The Ideal Woman

She.....Is Popular

But the friends whom she would attract would not stand between her and her Lord. Rather, she would bring them nearer to Him. She would love pleasure, knowing that Christ would want her to be happy.

But her good times would be of such a character that Christ would be a Sharer in them.

She.....Is Perfectly True

There would be no deception or insincerity in her. In every relation of life she would be found faithful.

No pride or self-conceit would mar the beauty of the things she did.

She.....Is Religious

She would glorify her Master by proving that He can make His followers beautiful with more than earthly fairness.

In her heart Christ would be on the throne and self on the cross. Self-control would take the place of self-will.

Mary,
Make me the woman Christ would
have me be,
Carve out whatever shallowness
there be.
Cleanse me of self-love,
Put to rout impatience from
the heart of me,
And strike my cowardice, for He
Scarce could love immaturity
in me.

Mary,
With thy gentle hand
Implant a lively calm upon my face,
Good in my heart,
Help me to acquire beauty of mind
and soul,
For Christ must love the woman
That I long to be.

what next?

It's a pretty important decision, young lady — choosing the right job. You'll want to work in pleasant surroundings — in light and airy offices with modern equipment.

And now that you're out of school, you'll expect to meet new friends where you work — young people you'll like and with whom you can enjoy your leisure time. (And how about a vacation with pay?)

Then there's the matter of a paycheck — it'll be nice to count on a steady income, a salary that's good from the start and keeps getting better with regular increases.

There's a job like this waiting for *you* at the telephone company!

You might want to be a telephone operator or a teller, a cashier or a clerk — those are just some of the many interesting jobs Michigan Bell has for bright young high school graduates like yourself. And there's a chance to advance in all of them.

You don't need experience to get a telephone job, and you'll earn a good salary, even while you're learning.

What next? Why not visit Michigan Bell's Employment Office? We'll be looking for you!
